LED & PROJECT LIGHTING SOLUTIONS

OUR JOURNEY OUR PASSION

Led Linear Lighting is our passion.

Founded in August 2013, Alich Industries manufactures & supplies high quality linear LED lighting solutions based on latest Industrial trends & Standards. We specialize in **designs, development and manufacturing of custom-made LED Profile lighting** for architectural, residential and commercial industries based on a very cost effective, unique modular Led Lighting solution approach for interior or exterior linear lighting solutions. Based on this philosophy and the depth of our LED knowledge we are constantly working on development of innovative new products right from conceptualisation to development and production of all the elements.

We work together with lighting wholesalers, lighting designers, architects to provide the end user with the perfect solution for their applications.

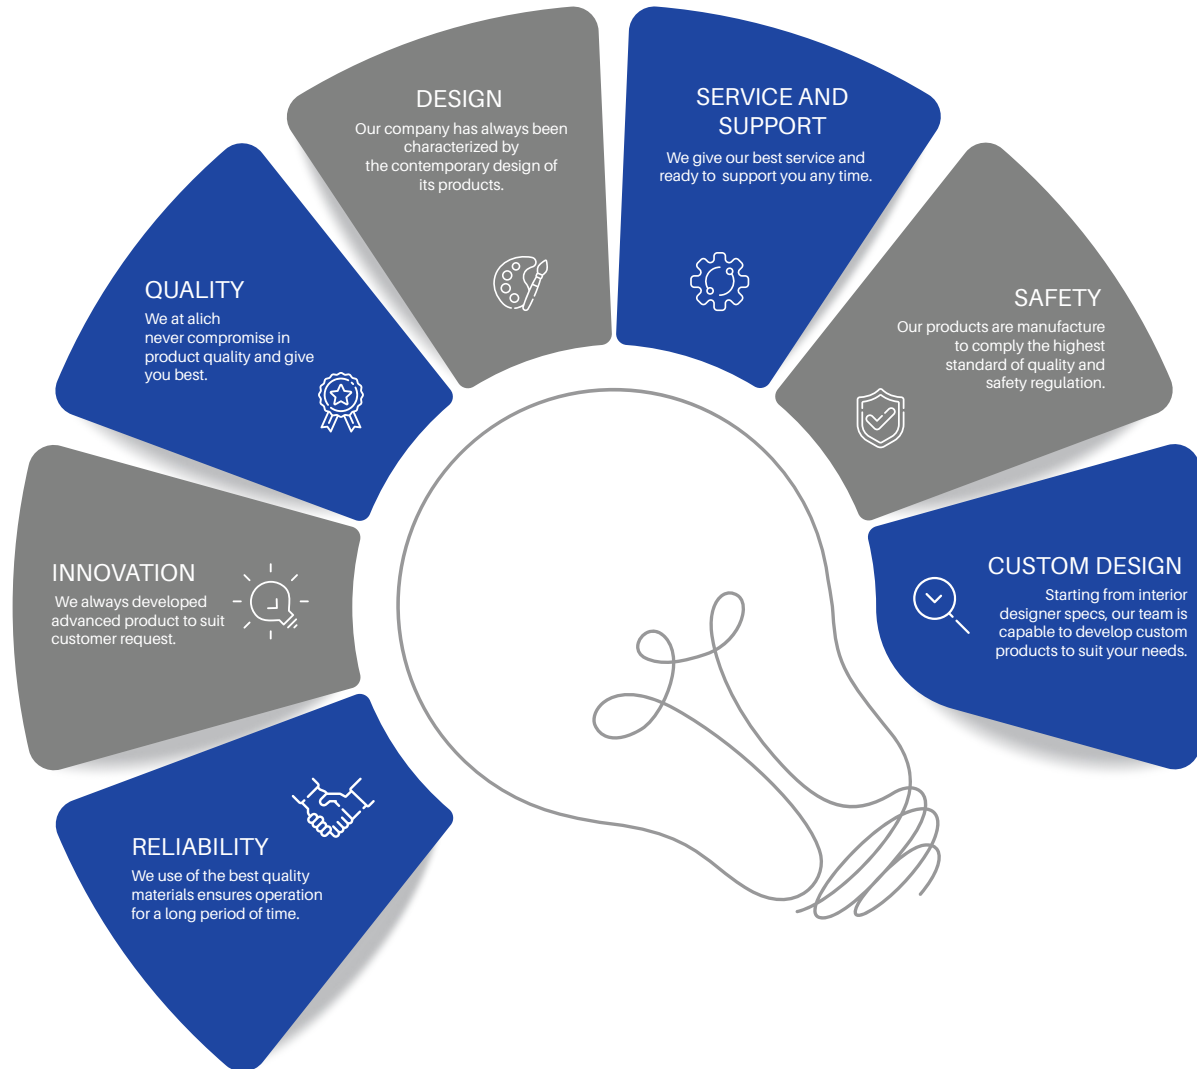

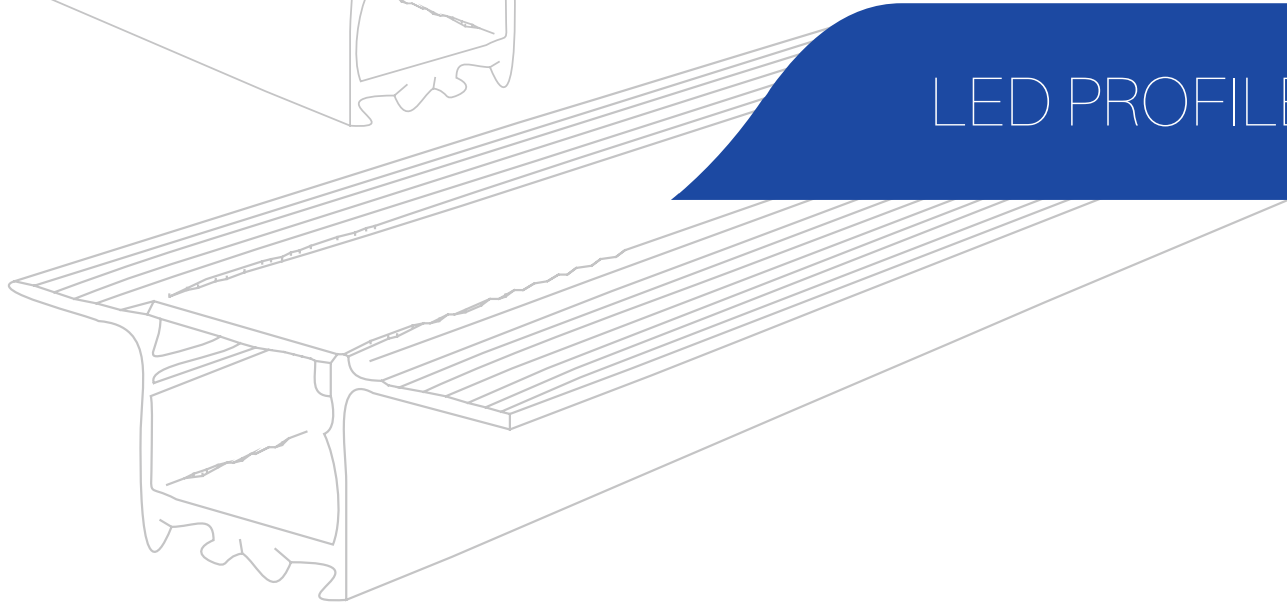

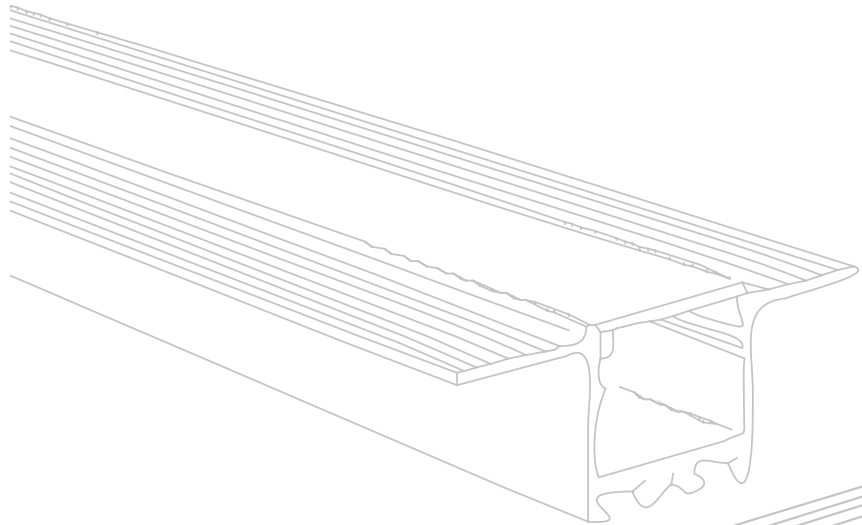

WHAT WE DO

We Manufacture LED lighting and we are unique global manufacturer and distributor of LED lighting in the world.

Our business model is based and oriented towards requirements and needs of our clients. Besides that, every item in our wide range of products is customizable in terms of aesthetic and, most importantly technical features.
